THE SPECIALISTS IN SUPPLY

Our Gravograph and Dye Sublimation division is overseen by **Chris Redmond**. Chris can provide you with detailed information on the machines and products that we supply.

We also offer a **repair service** for Gravograph machines. Chris has a background in Aviation Engineering and is well equipped to service and repair your machines. Chris will make on site visits, when necessary, to repair your machines. If you are located outside of Auckland you will need to send your machine to Tilt for repairs.

Chris is also an advanced CorelDraw user and can provide training and advice at your location or at his office.
